IMMEDIATE RELEASE

April 14, 2014

Memphis, TN-Event Name: Positioned For Millions presents: A Positioning Informational Chat w/ Sonja Norwood, Manager and Mother of Urban Music Artists Brandy and Ray J

On April 26, 2014, Positioned for Millions offers a unique opportunity for emerging music artists, managers, and parents of children wishing to break into the entertainment industry. Sonja Norwood, manager and mother of acclaimed R&B artists/television stars Brandy and Ray J, will share her experiences with carefully managing the careers of her children, and responding to changes in her approach as their careers grew into adulthood and entrepreneurial pursuits.

Sonja Norwood is an accomplished talent manager, television producer, and deal maker, but most importantly, a mother who has proven that dedication to family, business savvy, and faith are powerful tools for success within the tumultuous, male-dominated entertainment industry. While the journey has sometimes been rough—taking the singer-actors from platinum records to tabloid headlines, from personal tragedy back to TV/film and music stardom has required a navigational strategy engineered by Sonja to ensure her clients remain relevant and successful.

Don't miss this extraordinary opportunity to hear from a 360 degree vantage point which intersects the precision management of faith, family, fortune, and fame. This is a sanctioned event of the 15th Annual On Location Memphis International Film and Music Festival presented by MVP3 Entertainment Group
