FAR TOO OFTEN WE BELIEVE THAT BEING AN ENTREPRENEUR IS AN EASY JOURNEY, BUT IT'S NOT AND NOT ALL DREAMS ARE GREEN LIGHTS TO STARTING A BUSINESS.

People commonly say that there are no opportunities here in Memphis. We like to believe that there are no opportunities because many of us are not positioned for success and therefore, we can't be found due to poor marketing and the lack of business acumen.

The Tell It Now PR Conference Clinic is all about strengthening our community through education, business, and empowerment. It is not just an event, it is a movement!

The Tell It Now PR Conference Clinic consists of hands-on access to industry experts that are designed to bring people together, act as a platform to bring awareness to businesses, and enable people to get involved and educated about how to "Forge

Real
GOALS:
Business Relationships."

- Economic and community development
- Community involvement and togetherness
- Develop support systems for local businesses and philanthropic organizations

MISSION:

- Put more money into the small business community- specifically for minority and women-owned businesses
- Create/Rebuild new business opportunities

OBJECTIVE(S):

Implement projects, programs, and events that create informative, educational, empowering business opportunities that inspire business excellence, community involvement, and support for the Mid-South Business Community.
